

Erasmus

Being my first Erasmus project, it was a wonderful experience; one of the most amazing experiences so far!

In this project I learnt so many useful things throughout the workshops and the activities we took part in; how to create and

give a speech
how to use your voice, how to
conquer the fear of public

speaking, how to recycle and many other things.

I don't have a single bad thing to say about this experience!

Lithuania is a superb country with amazing architecture, people here

are terribly nice, the food was delicious, the bars and restaurants are so cool:)

and the place where we stayed at was comfortable and somehow interesting.

I personally talked to everyone in this project and got on well with them, even created some friendships :D.

I am so glad that I had the opportunity to be a part of this project and for this I want to thank my english teacher, she was the one that told me about it!

❤️I will go for sure in other Erasmus projects in the future!❤️
